More than \$5.5 million has been raised over the past 60 years by volunteers working at Second Chance Shops to support the life-changing work of The Village.

For more than 200 years, The Village for Families & Children has been working to build a community of strong, healthy families who protect and nurture children.

We fulfill this mission by providing a full range of behavioral health treatment and support services for children and adults – including parenting education classes, outpatient mental health therapy, substance abuse treatment, and foster care – which help them achieve real and meaningful change in their lives.
