

All In for Kids

Right now, 150 children in Connecticut are waiting for a therapeutic foster home.

They go to bed each night wondering if they will ever have a place where they feel like they belong. A home where they feel safe, stable and part of a family.

Can you provide that place for a child? Can you welcome a child into your home?

When you provide a home for a foster child, you change that child's life in profound ways, setting them on a path of healing and success.

And you have a village – The Village – behind you. We provide extensive training and ongoing support 24 hours a day, 7 days a week if you need it.

If we all pitch in, we can find homes for these kids.

Reach out today to learn more, attend an information session, or call us to schedule a presentation for your company, church, or group.
